REQUEST FOR AND AUTHORIZATION TO RELEASE HEALTH INFORMATION

PRIVACY ACT AND PAPER WORK REDUCTION ACT INFORMATION: The Paperwork Reduction Act of 1995 requires us to notify you that this information collection is in accordance with the clearance requirements of section 3507 of the Act. We may not conduct or sponsor, and you are not required to respond to, a collection of information unless is displays a valid OMB number. We anticipate that the time expended by all individuals who must complete this form will average 2 minutes. This includes the time it will take to read the instructions, gather the necessary facts and fill out this form. The execution of this form does not authorize the release of information other than that specifically described below.

The information requested on this form is solicited under Title 38 U.S.C. The form authorizes release of information in accordance with the Health Insurance Portability and Accountability Act, 45 CFR Parts 160 and 164; 5 U.S.C. 552a; and 38 U.S.C. 5701 and 7332 that you specify. Your disclosure of the information requested on this form is voluntary. However, if information needed to locate records for release is not furnished completely and accurately, VA will be unable to comply with the request. The Veterans Health Administration may not condition the provision of treatment, payment, enrollment in the VA Health Care Program, or eligibility for benefits on the signing of an authorization, except for research-related treatment where an authorization for the use or disclosure of individually-identifiable health information for such research is required. VA may disclose the information that you put on the form as permitted by law. VA may make a "routine use" disclosure of the information as outlined in the Privacy Act system of records notices identified as 24VA10A7 "Patient Medical Record - VA", 08VA05 "Employee Medical File System Records (Title 38)-VA" and in accordance with the Notice of Privacy Practices. VA may also use this information to identify Veterans and person claiming or receiving VA benefits and their records, and for other purposes authorized or required by law.

811 Drug and Alcohol Screening

POLICY

Alcoholic beverages and drugs are strictly prohibited in any Volunteers of America Northern Rockies programs. Upon admission, each resident will be required to complete substance abuse screening with negative test results. VOANR shall conduct regular and random alcohol screenings to test for the use of substances. Upon suspicion of drug abuse, you may be required to submit to a urinalysis; if one or both are positive, you may be referred to a higher level of care and asked to leave the program. Program leadership will communicate with the VA Liaison concerning infractions of this policy. Veterans who are enrolled in the program and who commit infraction(s) of this policy will be referred to the VA Liaison to determine the appropriate level of care.

PROCEDURE

Breathalyzer Screening

When administering the breathalyzer, every effort must be taken to protect the veteran's privacy and ensure a valid test. All current health, safety, and disinfecting policies with appropriate PPE are to be practiced.

The following procedure should be followed when breathalyzing a veteran:

- 1. Offer the veteran a private location to conduct the breathalyzer.
- 2. Inform the veteran about the reason for the breathalyzer.
 - a. Admission to the Grant and Per Diem Program
 - b. Regular random drug testing as requested by the Program Manager
 - c. Suspected use by Volunteers of America Northern Rockies staff member
 - d. Returning from a Pass
 - e. Return from AWOL
 - f. Late arrival at the facility
- 3. Make sure the breathalyzer is calibrated to .000 and is sanitized in front of the Veteran.
- 4. Remove the mouthpiece from sealed packaging and place the mouthpiece on the breathalyzer in front of the Veteran.
- 5. Offer the two options of administering the breathalyzer test to the veteran:
 - a. <u>Staff-administered</u>, if we are conducting the testing, stand to the side of the Veteran and have the Veteran blow into the breathalyzer until the reading is completed.
 - b. <u>Self-administered</u>, place breathalyzer unit on a table, step away. Let the client step to the table, blow into the breathalyzer, and place the unit back on the table. This method, plus gloves and other PPE, can mitigate the 6' distance.
- 6. Inform the Veteran of the results.
- 7. In the event of a positive screen, complete the positive screen report and place it in the Program Manager's mailbox.
- 8. Document the test and results in the Veteran's file.

NOTE: Sanitizing unit and hand washing should be completed after each use.

Residents may refuse to submit to a breathalyzer at any time. If they do, complete an incident report, and inform the Veteran that such refusal may result in a behavioral contract or their discharge from the facility. Contact Program Manager with information the Veteran refused a breathalyzer.

Drug Screening

There are several circumstances under which a veteran may be screened for drugs which include:

- Admission to the Grant and Per Diem Program
- Regular random drug testing as requested by the Program Director
- Suspected use by Volunteers of America Northern Rockies staff member
- Returning from a Pass
- Return from AWOL
- Late arrival at the facility

When administering a drug screen, every effort must be taken to protect the veteran's privacy and ensure a valid test. The staff member taking the sample must accompany the veteran to the appropriate restroom to guarantee that it is that veteran's sample. A same-gender staff person will perform observed drug screens.

The following procedure should be followed when conducting a drug screen:

- 1. Inform the veteran about the reason for the drug screen
- 2. Request that the veteran leave any bags, coats, or parcels outside of the restroom
- 3. Escort the veteran to the restroom where the sample is to be given
- 4. Always wear rubber gloves when administering a drug screen
- 5. Allow the veteran to witness the administering of the screen and dispose of the sample once the screen has been administered
- 6. Inform the veteran of the results
- 7. Make a photocopy of the readout, regardless of a positive or negative result, and place it in the Program Manager's mailbox
- 8. In the event of a positive test, complete the positive screen report and place it in the Program Manager's mailbox
- 9. Document the test and results in the veteran's file.

Residents may refuse to submit to a drug screen at any time. If they do, complete an incident report and inform the veteran that such refusal may result in their discharge from the facility.

Revision Date: April 9, 2013

812 Zero Tolerance Policy

POLICY

Understanding that residents bring with them a myriad of needs and issues, Volunteers of America Northern Rockies nevertheless takes a zero-tolerance policy toward those behaviors that pose a threat, either physically or mentally, to any individual, group, or property. Violations of the zero-tolerance policy by residents living in a

Volunteers of America Northern Rockies program may result in <u>Immediate Discharge</u> from the residential program without readmission rights.

PROCEDURE

Behaviors included under this policy include, but are not limited to, the following:

- o Any drug or alcohol use on the premises
- o Possession or use of intoxicants, alcoholic beverages, or paraphernalia on the premises
- o Refusal to submit to urinary analysis or breathalyzer testing
- o Disregard for other's personal space and safety
- o Violation of curfew without legitimate cause
- Violation of visitation rules
- o Tobacco use within the home
- Theft
- o Possession or use of weapons (knives, guns, contraband)
- o The threat of violence or actual violence
- o Causing damage to property of inflicting harm to another person
- o Creating a disturbance that jeopardizes the safety and security of other residents or staff
- Tampering with or attempting to open or break into a locker, storage area, vehicle, or office as well as a locking device, shut off valve, power switch, or any other device that affects normal operations of this facility
- o Refusing or failing to obey instructions by any staff member during an emergency or drill
- o Possession, use of, removal of, or tampering with materials deemed confidential
- o Refusing a search
- o Sexual acts within the facility or on the Volunteers of America Wyoming & Montana's grounds.
- o Interfering with staff in the performance of their job duties, including being noncompliant with staff directives.
- o Refusing to complete any court obligations, including community service, opening a savings account, and refusing to pay the service fee.

Volunteers of America Northern Rockies reserves the right to review the individual case to determine the appropriate action in keeping with the spirit of our mission to help those in need while acknowledging the <u>zero-tolerance policy</u>. Actions that can be taken include, but are not limited to, the following:

- Immediate discharge without readmission rights
- Discharge to a treatment program with the opportunity for readmission
- Development of a behavioral contract to cover a period of no less than thirty days

By signing below, I have read or have had read to me the above; I have had any questions that I had answered to my satisfaction, I understand this document, and give my consent for searches of my vehicle, room, and property by Volunteers of America staff and law enforcement personnel.
